The Alpha Omega Young Adult Workshop is designed to create well-rounded dancers. It challenges the young artist to go beyond their comfort zone and find value in various styles of movement. The summer intensive includes a mixture of contemporary dance styles based in Graham and Horton techniques, infused with ballet, jazz and Afro-Latin movement. The program offers students the opportunity to intensify their dance training by attending a full day of technique classes to accelerate their skill level and dance vocabulary while conditioning their minds and bodies.

**STUDENTS WILL PERFORM AT THE END OF THE SESSION**
